July 18-20, 2014 -MH-17 and Ukraine -- Continuing Coverage Thread

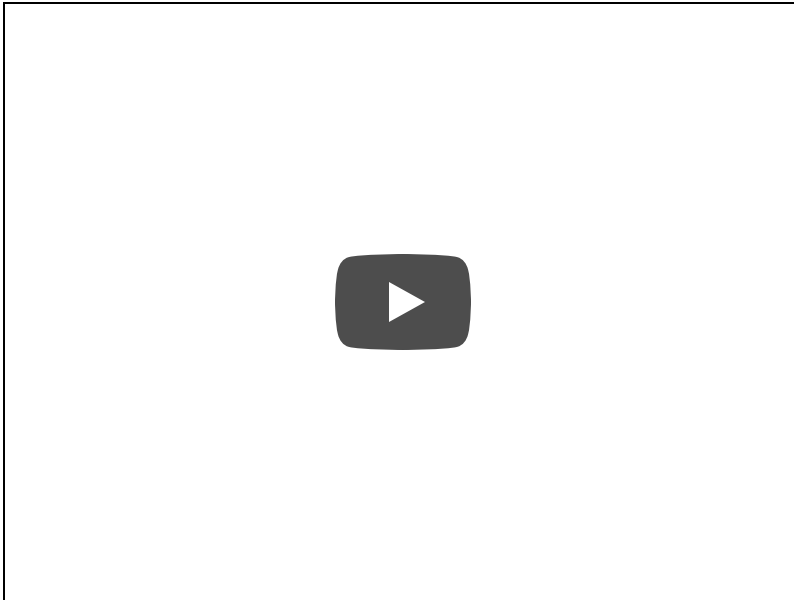

To provide a news source that contradicts the propaganda on the shoot down of Malaysian Airlines Flight 17, WMR is continuing the topic thread from July 17. Thanks to our members for posting important comments and news links. We will continue to monitor this unfolding story through the weekend.

There is now evidence that MH-17 was re-routed by Ukrainian air traffic controllers away from its normal flight path over southern Ukraine to one that took it over Kolomoisky Army and Ukrainian regular army held positions. The MH-17 flight that flew from Amsterdam to KL the previous day, July 16, took the southerly route, thus avoiding the restricted area to the northeast. So, MH-17 was flying on a deviated flight path ordered by Kiev ATC.

Normal flight path for MH-17 and where the Boeing 777 was shot down (represented by white star):

[Flight path of MH-17 prior to July 17th ill-fated flight.](#)

[From RT:](#)

On Thursday, when a Malaysian Airlines plane was apparently shot down over Ukraine, a Ukrainian Buk anti-aircraft missile battery was operational in the region, the Russian Defense Ministry said, contradicting Kiev's statements.

The battery was deployed at a site from which it could have fired a missile at the airliner, the ministry said in a statement. It said radiation from the battery's radar was detected by the Russian military.

"The Russian equipment detected throughout July 17 the activity of a Kupol radar, deployed as part of a Buk-M1 battery near Styra [a village some 30km south of Donetsk]," the ministry said in a statement.

[Neo-Nazi and anti-Russian Azov Battalion of foreign mercenaries fight for Kiev in eastern Ukraine.](#)

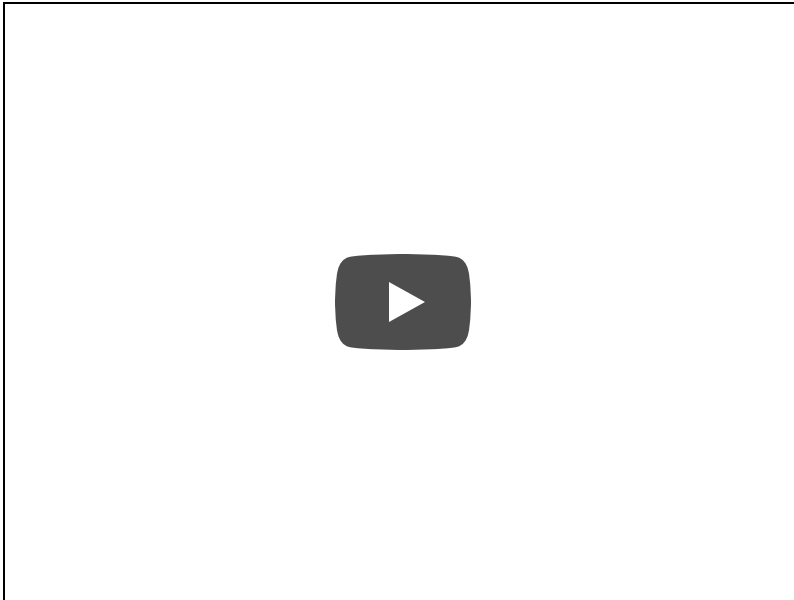

The Zionist Kolomoisky Army and Dnipro Battalion join hands with the Nazi Azov Battalion. Just like old times and the Transfer Agreement between Hitler and Jabotinsky.

In honor of the Zionist-Nazi agreement that allowed German Jews to leave Germany for Palestine, thus making Adolf Hitler one of the founding fathers of the future State of Israel, the German Mint produced a coin to honor the agreement. On one side is the Magen David star and on the other is the swastika:

In Ukraine, this Zionist-Nazi alliance has returned with force and is using Nazi and Zionist false flag tactics against Russia and eastern Ukraine. The Nazis and Zionists share in common some of the biggest false flag attacks intended to blame other parties for their own crimes: the burning of the Reichstag, the 1939 "Polish" attack on German border posts, the Lavon Affair in Egypt, the attack on the USS Liberty in 1967, and 9/11.

The ADL has flagged on YouTube this legitimate news report on the Transfer Agreement narrated by Deborah Norville as anti-Semitic hate speech:

[Did NATO assist in shooting down MH-17?](#) "Unless Malaysian airplanes have an uncanny tendency to go off the radar every few months, this recent downing of flight MH17 over Ukraine seems like it was cooked up by NATO assets in the civil war torn country, perhaps in a desperate attempt to ramp up public opinion against Russia whose proxies in the Eastern part of the country are currently making a mockery of the NATO backed Ukrainian army and its attempt to crush the rebels."

Kolomoisky's Dniepr-1 Battalion of neo-Nazi and Zionist mercenaries was responsible for the deadly fire at the Trades Union building in Odessa. Kolomoisky is a murderer and would not hesitate to order MH-17 shot down by his BUK missile launchers in a false flag intent on bringing further pressure on Moscow and relieving pressure on Tel Aviv.

["The Israeli-Ukrainian oligarch living in Switzerland, Ihor Kolomoisky, called South-East pro-federalist leader, Oleg Tsarev, to inform him that the Ukrainian Jewish community was prepared to pay a bounty of \\$ 1 million to whoever would assassinate him. He ordered him to immediately flee the country. . . ."](#)

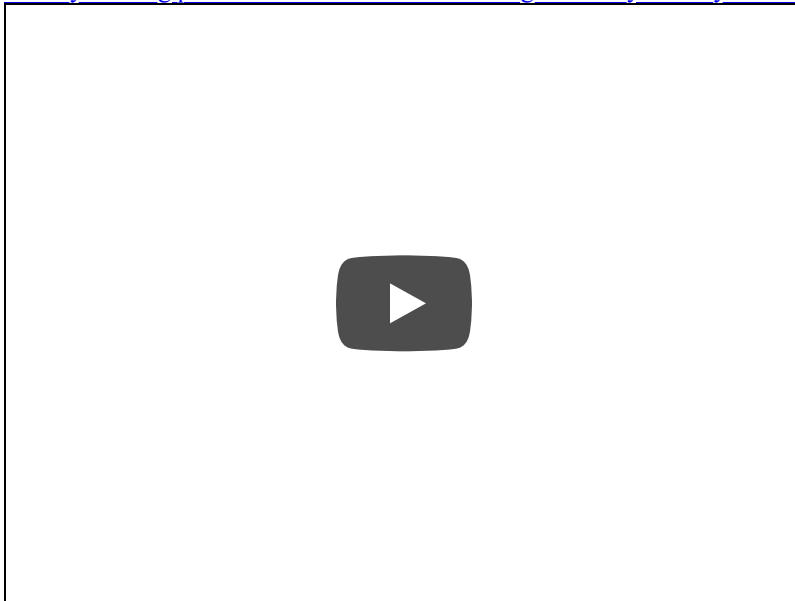

[Ihor Kolomoisky is regarded as the main leader of the Ukrainian mafia. He ranks as the second or third wealthiest man in the country \(after Rinat Akhmetov and/or Viktor Pinchuk\). He owns the metal industry, Privat Bank and, in 2011, he took over the gas sector.](#)

[Ihor Kolomoisky chairs the United Jewish Community of Ukraine and the European Jewish Union. He founded the European Jewish Parliament \(branded as a sham by the CRIF, an umbrella organization of French Jewish organizations\) with the support of Bahrain. He is the co-owner of the Jewish News One international network \(currently broadcasting as Ukraine News One\).](#)

[Ihor Kolomoisky was appointed governor of Dnipropetrovsk Oblast by the junta authorities in Kiev. He played an active role in the organization of the Odessa massacre of 2 May 2014 together with his private army, the "Dnieper-1" Battalion. He recruited R. Hunter Biden, the son of U.S. Vice-President Joe Biden, and Devon Archer, co-chairman of the finance committee for John Kerry's 2004 presidential campaign, as board members of his gas holdings company.](#)

[No wonder Joe Biden, while speaking at the Daily Kos Netroots conference in Detroit the morning of the shoot down was so quick to blame the Russian separatists for the attack on MH-17. Nothing spells mafia more than Wilmington's own mafiosi don Joe Biden.]

[Carlos, the Spanish air traffic controller at Kiev Airport Control Tower reports on Ukraine shooting down MH-17. His identity is being protected. Carlos's Twitter messages are in yesterday's thread. \[In Spanish\]](#)

Best translation of RT article:

Ukraine is responsible for the catastrophe of the Boeing Malaysian, according to Vladimir Putin. The initial goal of the Ukrainian missile that would have brought down the plane could have been the aircraft of the Russian President, according to a source from the State Aviation Agency.

A Malaysian plane with 295 people aboard aircraft has crashed near Donetsk, where there is fighting between the army and the self-defense forces, according to Itar-Tass. Ukraine's security forces have confirmed the information, as well as the airline. According to a source in the Ukrainian air circles, the plane was shot down when it was at an altitude of about 10 miles [sic] [10,000 meters is the correct altitude], reports Interfax.

Ukraine's security forces have confirmed the information, as well as the airline. According to a source in the Ukrainian air circles, the plane was shot down when it was at an altitude of about 10 miles, reports Interfax. In the meantime, the Prime Minister of the People's Republic of Donetsk, Alexánder Borodái, rejected the possibility that the AUC have some relationship with the fall of the Malaysian Boeing-777. <http://es.rt.com/xal> death threats against a Spaniard in Ukraine who commented on the crisis.

What "Carlos" essentially told RT:

A Spanish Air Traffic Controller claimed on Twitter feed from Kiev Airport that a rogue faction was behind the shoot down of MH17. His feed was removed from Twitter. This prompted a troll barrage that the person was a fake. He claimed in his Tweets claimed that two Ukrainian fighters jets had intercepted and escorted the doomed flight just prior to it being shot down. His tweets indicated that a rogue faction of the Ukraine government led by Yulia Tymoshenko & the Interior Minister set-up the false flag with outside cooperation.

Tymoshenko is one of George Soros's major league operatives in Ukraine. She threatened to "nuke" Russia and kill Putin. Quote: One has to take up arms and go wipe out these damn 'katsaps' together with their leader." Katsap is a derogatory

Ukrainian word for Russians.

Detailed comments from "Carlos":

What one thinks about the crisis in Ukraine can even lead to an a foreigner to be forced to flee for their lives Kiev. It is the case of a Spanish air traffic controller who was threatened by supporters of the Maidan. Carlos, who spoke with RT on the condition of anonymity, has received threats despite not supporting any interest. "I have my opinion and my view of a normal person, with a separate employment [unrelated] to media, or any political party, nor to any association."

I do not understand why a person who has their point of view is threatened.

Maidan Ukrainians threatened to kill him, to send him to "do not know what battalion" and out of the country. "They asked me if I wanted to die, because I gave a point of view very different from theirs," he said.

Carlos, who had 5 years working in Ukraine, said that he received a visit from the security services a European embassy, they told him he had to get his family out of the country within 24 hours. "So I did and got my wife and my daughter," he said.

"I have not done anything wrong. I was born in a free country and I have lived all my life in democracy and do not understand that a person has their point of view and is threatened," he said.

Regarding the situation faced by Ukrainians, Carlos says he sees "impossible" for "the west and east again to live together in peace." "People have too much hate, at least in Kiev," he says, adding, "They do not want to end the conflict, because they have nothing else to do."

Maidan had threatened to kill him, to send him to "do not know what battalion" and out of the country. "They asked me whether my death, because it gave a point of view very different from yours," he said.

Regarding the situation faced by Ukrainians, Carlos says he sees "impossible" for "the west and east again to live together in peace." "People have too much hate, at least in Kiev," he says, adding, "They do not want to end the conflict, because they have nothing else to do."

Another reporter removed for criticizing Israeli thugs. From Huffington Post:

[NEW YORK -- CNN has removed correspondent Diana Magnay from covering the Israeli-Palestinian conflict after she tweeted that Israelis who were cheering the bombing of Gaza, and who had allegedly threatened her, were "scum."](#)

["After being threatened and harassed before and during a livenesshot, Diana reacted angrily on Twitter," a CNN spokeswoman said in a statement to The Huffington Post.](#)

["She deeply regrets the language used, which was aimed directly at those who had been targeting our crew," the spokeswoman continued. "She certainly meant no offense to anyone beyond that group, and she and CNN apologize for any offense that may have been taken."](#)

Magnay is the second U.S. reporter removed as a result of pressure from the Zionist Lobby that controls the U.S. corporate media. Her removal from the conflict zone follows one day the transfer of NBC reporter Ayman Mohyeldin from Gaza after he witnessed the Israeli Navy's murder of four young boys on a Gaza beach.

Americans, including many Jewish-Americans, are waking up to the Zionist control of the media. And if there is a rise in anti-Semitism as a result of Israel's actions in Gaza and the West Bank and the Ukrainian-Israeli Mafia's actions with regard to eastern Ukraine and MH-17, that is the "price tag" the Zionists must pay for their actions.

RIA news agency: "Throughout the day on July 17, Russian means of radar surveillance intercepted the operation of the Buk-M1 battery's Kupol radar station located in the region of the populated area of Styla [30 kilometers south of Donetsk] . . . "The technical capabilities of the Buk-M1 allow the exchange of data on air targets between batteries of one battalion. Thus, the launch of rockets could have also occurred from any of the batteries deployed in the populated area of Avdeevka [8 kilometers north of Donetsk] or from Gruzsko-Zoryanskoe [25 kilometers east of Donetsk]," said the Russian Defense

Ministry.

Ukraine's National Security and Defense Council took a decision to close the airspace over the area of the so-called anti-terror operation to commercial flights three days ago, Rosaviatsia reported.

From RT: "The national governor of the Donetsk region, Pavel Gubarev, admitted that while the separatists indeed are in possession of one BUK missile unit, it is not operational, and even if it was, it would be unable to reach a height of over 30,000 feet without central radar guidance which the Donetsk region does not have, once again suggesting that a Surface to Air Missile, if indeed one was used, came from the Ukraine side."

[NATO exercise "BREEZE 2014" ends in Black Sea. 10-day exercise involved "commercial traffic monitoring."](#) Did that monitoring include MH-17? Past NATO-Ukraine exercises in Crimea were called "SEA BREEZE." This year's annual SEA BREEZE exercise with Ukraine, approved by the rump Ukrainian Parliament, is clouded in mystery with the Pentagon saying it was only "in the planning stage and we can't announce dates yet." However, 200 U.S. Army personnel assigned from bases in Germany were in Ukraine during the time of the MH-17 fly-over. They were participating in NATO exercise RAPID TRIDENT II. Ukraine's Ministry of Defense led the exercise.

BREEZE included AEGIS-class guided missile cruiser *USS Vela Gulf*. AEGIS cruisers have the ability to track all aircraft. From the Black Sea, the *Vela Gulf* was able to track Malaysian Airlines 17 over the Black Sea and any missiles fired at the plane. U.S. AWACS electronic intelligence (ELINT) aircraft were also flying over the Black Sea region at the time of the MH-17 flyover. [The announcement of these U.S. military maneuvers came on May 21, 2014, in an announcement from Vice President Joe Biden's office.](#) Biden's son, Hunter Biden, is a newly-named director of the Ukrainian natural gas and oil company Burisma Holdings, Ltd., owned by Ihor Kolomoisky, the Ukrainian-Israeli mafia oligarch who has raised his own mercenary army, complete with the BUK missiles allegedly used in the shootdown of MH-17. Kolomoisky, the Governor of Dnipropetrovsk province in eastern Ukraine, has threatened terrorist attacks against Russian-speaking officials in eastern Ukraine, including assassinations.

Burisma is a typical RUIM [Russian-Ukrainian-Israeli-Mafia] operation, with subsidiaries in such tax havens as Cyprus and the British Virgin Islands.

Kolomoisky also has strong connections inside Kiev's Borispol International Airport, where it has been reported that Ukrainian Interior Ministry troops stormed the air traffic control tower shortly before MH-17 was shot down. Kolomoisky, until 2012, owned Aerosvit Airlines, which used Borispol as a hub. Aerosvit leased all of its planes, including a Boeing 767, from Boeing Capital. After filing for bankruptcy, Aerosvit ceased flying in April 2013.

A Malaysian Airlines Boeing 777, the same type that was used by MH-17 and the still-missing Malaysian Airlines flight 370, which disappeared on March 8 while en route from Kuala Lumpur to Beijing, is stored in a hangar at Ben Gurion International Airport in Tel Aviv. The Boeing 777 in Israel, with serial number 28416, Malaysia registration tail numb 9M-MRI, was sold to GA Telesis, LLC of Fort Lauderdale, Florida, on October 21, 2013. The Boeing 777 was re-registered with the United States tail number N105GT and first stored at Tarbes Lourdes Pyrenees airport and on November 4, 2013, was transferred to Tel Aviv, where it was last spotted in a hangar.

GA Telesis was founded by its CEO, Abdol Moabery. GA Telesis, a global aircraft leasing firm, is now owned by Bank of America Merrill Lynch and Century Tokyo Leasing. Moabery, a former U.S. Naval officer, formerly worked for Aviation Systems International, Inc. as executive vice president and for C-S Aviation Services, Inc. as sales and marketing director. Both of Moabery's former companies are partly-owned by George Soros, who is partly responsible for laying the groundwork for the Ukrainian coup that ousted President Viktor Yanukovych. C-S (Chaterjee-Soros) Aviation is co-owned by Purnenda Chatterjee, who runs the Chaterjee Group, an investment firm.

Chatterjee Group owns Winston Partners of Alexandria, Virginia, an investment firm co-founded by Marvin Bush, son of George H W Bush. Winston owns corporate entities in the Cayman Islands, Isle of Man, Curacao, and Delaware. One of the Winston entities, Winston Capital Fund, has another Bush family investor, former Florida Governor Jeb Bush. Interestingly, Marvin Bush has served as an adviser to HCC Insurance Holdings, Ltd, a re-insurer of the World Trade Center in New York. Marvin's business dealings have also involved the purchase and leasing of commercial aircraft.

The executive chairman of GA Telesis Composite Repair Group, LLC, which would be responsible for retrofitting the Malaysian Boeing 777 in Tel Aviv is Aviv Tzur, an Israeli national who was previously the chairman of Ultimate Aircraft Composites (UAC), an Israeli-staffed firm that merged with GA Telesis. UAC, like GA Telesis, specializes in repairing and retrofitting aircraft. UAC also had contracts with the Israeli government.

USS Vela Gulf, Aegis-class guided missile cruiser, was off Ukraine at time of MH-17 shootdown.
